## 2 LINE ALARM BOARD FOR FIRE CONTROL PANEL DC 510/520

---

M2SL

Art no.: M2SL

---

Microprocessor controlled interface for DC 510/520 for the connection of 2 monitored lines for alarming devices with 1A each

- Monitored operation of alarming devices
- Connection of 2 lines for alarming devices for 1 A consumption
- System-plug to connect to the DC 510/520 mother board
- System-socket to connect additional modules
- D-Loop connection via terminal blocks up to 2,5 mm<sup>2</sup>

### Technical data

Ambient Temperature	-5°C to +40°C
Humidity	0 % to 93 % (not condensing)
Dimensions (H x W x D)	125 mm x 100 mm x 20 mm
Weight	
Interfaces	2 x alarming line
